- Homeowner
- Contractor

Lake-Friendly Protection Strategy (for local units of government)

Year Project Completed: _____

Give Brief Project Description: _____

Nominated By (name and telephone, if applicable): _____

*** For nominations only, you may stop here. If you are submitting an application, please respond to all questions and submit required photos and drawings.

Please describe in detail your project. The information provided should address the judging criteria. Attach additional sheets if necessary.

Did this project require any variances or deviations from zoning standards, steep slope or bluff setbacks, or floodplain standards? If so, please explain.

Did this project require any wetland filling? If so, please explain the exemptions used and/or the sequencing that was applied.

Describe efforts to retain native vegetation during construction, or describe vegetation that was used in lakescaping/landscaping project.

Please check the following materials that are being submitted. Note: some are required.

Photograph of the development/project from the lake or river. (required for Lakescaping Award and Lake-Friendly Home Construction Award)

Photograph of the lake or river from the development/construction. (required for Lake-Friendly Home Construction Award)

Photograph showing the lake and lakescaping project. (required for the Lakescaping Award)

Photograph of before-project conditions (optional, but recommended for Lakescaping Award and Lake-Friendly Home Construction Award)

Top-view drawings showing pre-project and post-project conditions. Hand drawings are acceptable, but should be to scale. Helpful Hint: Using graph paper makes this easy to do and easy to interpret. (required for Lakescaping Award and Lake-Friendly Home Construction Award)

I, the undersigned certify the above information is correct to the best of my knowledge, and I agree to allow the photographs, drawings and information contained within this application to be displayed or published for the purpose of showing good examples of lake-friendly home construction, lakescaping and lake-friendly protection strategies.
